

## UNIT 2: Shopping

### Part 1: Describe the Pictures

### Part 2: Reading and Vocabulary

Many people like to go shopping in their favourite retailers. You can choose from a large selection of products and pay at the till. Twice a year shops usually have sales where the prices are lowered and you can get good bargains. You can spend money on things that you want. Some people go on a spending spree and buy many items. It is a good idea to keep your receipt and see if you have been short-changed by accident. Keeping your receipt is also good because sometimes the products can be faulty and you have to take them back and complain to the retailer and they can change them.

You don't have to buy anything at a retailer; you can just go for window shopping.
